the 'milano international
architecture workshop' 2010
is the first edition of
a teaching programme
that will take place every
year at the school of
architecture and society,
politecnico di milano.
Miaw aims are to stimulate
cross-over thinking and
researches in the design
field and to stimulate students
to achieve an interdisciplinary
approach towards design
problems. Miaw provides
an international forum
for schools, teachers and
students exchange, but
is also an informal platform
to discuss the issues
and share the ambitions
that education implies.
The overall theme of
Miaw 2010 is 're-appropriation'.
